Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

- The title has been amended as follows: after "Disk", the following phrase/word was inserted: "Including a Seed Layer and a Primer Layer With Specified Relative Properties".

Reasons for Allowance

2. The present claims are deemed allowable over the references of record since the references of record fail to disclose or render obvious a floppy disk comprising a base material meeting applicants' claimed limitations in combination with a seed layer and primer layer meeting the claimed relative values for the linear expansion coefficients and tensile strength coefficients, wherein the seed layer material is selected from applicants' claimed Markush group.

While the prior art of record disclose Ti based seed layers under CrMo primer layers, the prior art of record fail to teach or render obvious a selection of primer and seed layers meeting the claimed property and material limitations recited above.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
